<i>Front Title</i> .....	229
<i>Board of Editors</i> .....	231–232
<i>Front Contents</i> .....	233–234
<i>Review</i>	
Lightning generated ELF, VLF, optical waves and their diagnostic features R P SINGH, R P PATEL, ASHOK K SINGH AND I M L DAS .....	235–249
<i>Astrophysics, Atmospheric &amp; Space Physics</i>	
Geospot as a source of geothermal energy TUSHAR K DAS .....	251–254
Some observations on microwave propagation under clear air, fog and cloudy atmospheric conditions in Indian southern region S K SARKAR, K MEGHA RAJU, D PUNNYASFSHUDU, M M GUPTA AND RAJESH KUMAR .....	255–258
Hale cycle oriented periodicity in second harmonic of daily variation in cosmic ray intensity on quiet days SANTOSH KUMAR, REKHA AGARWAL, RAJESH MISHRA, S K DUBEY AND M K RICHARIA .....	259–263
<i>Atomic &amp; Molecular Physics</i>	
Oscillator strengths and lifetimes in P V, S VI and Cl VII G P GUPTA AND A Z MSEZANE .....	265–275
<i>General Physics</i>	
Acoustical studies on the effect of urea on the micelles of aqueous surfactants G RAVICHANDRAN .....	277–282
Dielectric relaxation studies of four different varieties of rapeseed-mustard oil at different temperatures A K BANSAL, K K GUPTA, P J SINGH AND K S SHARMA .....	283–287
Thermal and mass diffusion on unsteady hydromagnetic flow with heat flux and accelerated boundary motion M ACHARYA, G C DASH AND L P SINGH .....	289–296

**Optics & Spectroscopy**

## Vibrational analysis of 1,6-dichlorohexane

NEENA JAGGI AND R M P JAISWAL ..... 297–306

## Infrared and Raman spectral studies and evaluation of force fields for the three isomeric methoxy benzaldehydes

D N SINGH, I D SINGH AND R A YADAV ..... 307–318

**Plasma Physics**

## Use of optical emission spectroscopy to monitor the silane-argon plasma

P P RAY AND P CHAUDHURI ..... 319–323

**Note**

## Laser Raman and FT-IR spectroscopic study of antimony thiourea bromide crystals

S GOVINDA BHAT AND S M DHARMAPRAKASH ..... 325–328

**Book Reviews** ..... 329–332**Forthcoming Publications (A)** ..... 333**Notes for Contributors** ..... 335–337**Announcements** ..... 339–342
